Forecast For East Midlands
Issued by Met Office Exeter
at 1600 on Tuesday 19 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain clearing east. Becoming dry with clear spells developing overnight.

This Evening and Tonight:
Cloudy with outbreaks of rain at first, before clearing away eastwards by around midnight. It will become largely dry with clear spells developing for many. Winds easing, although it will be another mild night for most. Minimum temperature 12 deg C (54 deg F).

Wednesday:
Dry and bright at first, before a band of showery rain, heavy at times, moves northeast across the region. Risk of hail, thunder and squally winds. Becoming drier later. Mild. Maximum temperature 15 deg C (59 deg F).

Outlook for Thursday to Saturday:
Early showers easing, then mainly dry, but becoming colder with scattered showers, strong winds and coastal gales. Further showers and easing winds Friday. Mainly dry and bright Saturday, becoming breezy.
